

BLUNTZ HAIR SALON

Established 1972 | Current Vacancies

Bluntz has been part of Shepshed for decades, and with refurbishment underway, John and Caroline are looking for the right stylist to join the next chapter of the salon. This is a personal opportunity for someone who wants more than a chair - someone who values good work, strong client relationships, and the chance to build something lasting within an established local business.

Ideal for a stylist ready to step away from employed roles and build something of their own.
